

SLIMLINE 68 WINDOW

Reynaers Slimline 68 window has been designed specifically to meet the needs of UK households. This unique and expertly engineered window suite offers the discerning homeowner the perfect combination of exceptionally slim frames and the highest levels of performance. With sleek, clean lines, these beautifully designed windows can transform the appearance of any home, adding value to the property whilst also making it warmer, brighter and more secure.

Perfectly complementing both contemporary and traditional styles of property, the Slimline 68 window is stylish and timeless in its design.

Warm and cosy

One of the most noticeable differences for many homeowners is how warm and cosy their home feels once their new windows and doors are in place. The SL68 is designed to offer class-leading insulation levels without compromising on the appearance of the window. The result is a window that will keep heat loss through the window to a minimum, withstand the worst that the British weather has to throw at it, and will help keep your energy bills down.

- Industry-leading thermal insulation
- Double and triple glazed options
- Unique thermal insulation profiles
- U-value as low as 1.1W/m²K
- Window energy rating up to A++

Safe and secure

Reynaers SL68 window is designed and tested to the most stringent security standards. Knowing that this window has been awarded the Secured by Design accreditation means you can rest assured that your home, your family and your prized possessions are as safe as can be from would-be intruders.

- One of the most secure windows available
- PAS24
- Secured by Design
- Enhanced security with hinge-side security brackets
- Multi-point locking mechanism
- Lockable handle

Peace and quiet

Not only is the frame of the SL68 window designed to help eliminate unwanted noise, the system is also flexible enough to allow a glazed unit up to 43mm thick to be specified. This makes it possible to incorporate some quite sophisticated acoustic glazing, which makes a huge difference if you live near a busy road, a railway or an airport.

Tried and tested

The SL68 window was designed by a highly experienced team of engineers at Reynaers' purpose built, world class design and testing facility. As with all Reynaers products, this window has been put through the most stringent test regime, ensuring that it is one of the highest-performing and most reliable windows available.

- Premium quality materials
- Highest levels of performance
- Industry-leading weather resistance

As individual as you are

All Reynaers windows and doors are made to meet your exact requirements. From the design of the window to the colour of the frame and handle, there are almost unlimited options. When you choose Reynaers at Home, you can make your windows and doors truly individual, a design statement to be proud of.
